ILLINOIS ENVIRONMENTAL PROTECTION AGENCY
WATER POLLUTION CONTROL PERMIT

PERMIT NUMBER: 1975-DB-345-COP

DATE ISSUED: April 8, 1975

PROJECT LOG NUMBER: C-245-79

SUBJECT: MSDGC - Hanover Park Water Reclamation Plant
Upper DuPage Reservoir and Site Development
Contract #69-510-2FTO CONSTRUCT, OWN AND OPERATE: President and Board of Trustees
Metropolitan Sanitary District of Greater Chicago
100 East Erie Street
Chicago, Illinois 60611

Permit is hereby granted to the Metropolitan Sanitary District of Greater Chicago to construct, own and operate facilities for the application of digested sludge as liquid fertilizer on land adjacent and south of the existing plant, four monitoring wells, a reservoir and related miscellaneous equipment, structures and appurtenances.

The final plans, specifications and documents were approved previously by Illinois Environmental Protection Agency permits #1974-DB-950-COP dated June 10, 1974 and Supplemental permit #1974-DB-218-1 dated June 10, 1974. The two projects have been consolidated into one construction project which is herein permitted.

The final plans, and specifications approved by this permit were prepared by Harza Engineering Company for the Metropolitan Sanitary District of Greater Chicago and consist of 64 sheets dated October 1974 received April 8, 1975.

Special Conditions applicable are itemized on the attached sheet.

READ ALL CONDITIONS CAREFULLY:
STANDARD CONDITIONS

1. If any statement or representation is found to be incorrect, this permit may be revoked and the permittee thereupon waives all rights thereunder.

2. During or after the construction or the installation of the facilities covered by this permit any agent duly authorized by the Illinois Environmental Protection Agency shall have the right to inspect such facilities and its operation.

3. The issuance of this permit (a) shall not be considered as in any manner affecting the title of the premises upon which the permitted facilities are to be located; (b) does not release the permittee from any liability for damage to person or property caused by or resulting from the installation, maintenance or operation of the proposed facilities; (c) does not take into consideration the structural stability of any units or parts of the project; and (d) does not release the permittee from compliance with other applicable statutes of the State of Illinois, or with applicable local laws, regulations or ordinances.

4. Treatment works will be operated or supervised by a duly qualified treatment works operator certified under the Regulations of the Illinois Environmental Protection Agency.

5. The facilities covered by this permit shall be constructed and operated in compliance with the provision of the Illinois Environmental Protection Act and Chapter 3 of the Rules and Regulations as adopted by the Illinois Pollution Control Board.

This permit is issued in accordance with the Illinois Environmental Protection Act of 1970 and the Chapter III Water Pollution Regulations adopted pursuant thereto by the Illinois Pollution Control Board.

6. Plans, specifications and other documentation submitted shall constitute a part of the application and when approved shall constitute part of this permit.

7. This Permit may not be assigned or transferred without a new permit from the Illinois Environmental Protection Agency.

8. There shall be no deviations from the approved plans and specifications unless revised plans, specifications and application shall first have been submitted to the Illinois Environmental Protection Agency and a supplemental permit issued.

9. The installation shall be made under the supervision of an inspector, who is familiar with the approved plans and specifications provided by and approved by the owner, and said inspector shall require that construction complies with the plans and specifications approved by this Agency.

10. Unless otherwise stated by Special Condition, construction must be completed in three years for treatment works and two years for sewers and wastewater sources.

11. Discharges into the sanitary sewer(s) constructed under this permit shall consist of wastewater only. Storm waters shall not be permitted to enter the sanitary sewer(s). Roof and footing drains shall not be connected to the sanitary sewer(s) constructed under this permit.

SUPPLEMENTAL PERMIT #1975-DB-345-COP-1

President and Board of Trustees
Metropolitan Sanitary District of
Greater Chicago
100 East Erie Street
Chicago, Illinois 60611

Supplemental Permit is hereby granted to the Metropolitan Sanitary District of Greater Chicago, Cook County, Illinois to construct, own and operate facilities for the application of digested sludge at the Hanover Park Site for which Permit #1975-DB-345-COP was issued on April 9, 1975, which has been revised to delete the Special Condition No. 3.

The issuance of this Supplemental Permit is based on the June 11, 1975 letter submitted by Forrest C. Neil, Chief Engineer, acting as your Agent.

This Supplemental Permit is subject to all the standard conditions, special conditions except special condition No. 3, provisions, and specifications of the original Permit #1975-DB-345-COP dated April 9, 1975 and is being issued in accordance with the receipt of a letter dated June 11, 1975; being made a part hereof.
